

Home Weatherization for Income Qualified Customers Application Form

The JCP&L Home Weatherization for Income Qualified Customers program provides energy conservation measures to income-qualified families living in the state of New Jersey at **no cost**.

For your household to be eligible, you must meet at least one of the following requirements:

- You must provide proof of participation in the New Jersey SHARES (NJ SHARES) federal/safety net partnership program, or
- Your household income is above 250% and below 400% of the Federal Poverty Guidelines (see the chart for 2024 income levels).

For the home/building to be eligible, you must meet all of the following criteria:

1. Be an active JCP&L residential customer, and
2. Reside in a single-family home with up to a 4-unit dwelling, and
3. Own the home or have property owner authorization (Renters/Tenants: see Landlord Consent & Permission Agreement), and
4. Own or rent for at least 1 year in a home that is 5 years or older and not under a builder's warranty.

Please complete the application form and email it to **MIWx@cleareresult.com** or mail it to:

CLEAResult
PO Box 339
Iselin, NJ 08830
Attn: JCP&L MIWx
Phone: 800-915-8309 (option 2)

Upon receipt, your account information will be confirmed and, if eligible, you will be contacted to schedule your weatherization visit.

Applicant must be a New Jersey residential customer of JCP&L. Program valid from 7/1/21 through 12/31/24. JCP&L, its parents, subsidiaries, employees, affiliates, agents, and the associated Investor-Owned Gas Company, assume no responsibility for the performance of the product or product warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the participating contractor. The customer hereby agrees to indemnify, defend, and hold harmless JCP&L, its parents, subsidiaries, employees, affiliates, agents, and the associated Investor-Owned Gas Company from any and all liability associated with this project. I further hereby forever release JCP&L, its parent and affiliated companies, and each of their respective officers, directors, employees, agents and representatives, successors, and/or assigns and agree to hold each of them harmless from any claim for injury to persons, including death, or damage to physical and personal property and expenses relating thereto (including attorney's fees and costs) in any way arising from or relating to the Program services provided by JCP&L, including, but not limited to, claims and suits directly or indirectly arising out of, resulting from, or related to moisture intrusion, mildew, fungus, spores, or mold of any type, nature, or description, including, but not limited to, any substance whose presence poses an actual or potential threat to human health. JCP&L and/or its designees including program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate. Costs of these programs may be recovered through customer rates in accordance with New Jersey law. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit energysaveNJ.com. By submitting this agreement, customer agrees to the terms and conditions of this document and certifies that the information provided is true and accurate. Participation and program services may be limited to available program funding. By participating in the Company's energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your electric utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce customers' costs for the programs.
