

ENERGY STAR® Certified HVAC Equipment Rebate Application Form

The HVAC Program provides rebates for the installation of high-efficiency HVAC equipment to residential customers of JCP&L. This equipment must be installed by a qualified contractor, be ENERGY STAR certified, and meet or exceed all additional requirements. Please submit one application per unit.

Please complete this application and email it to energysaveNJ@clearesult.com or mail to:

JCP&L HVAC Rebate Program
16350 Felton Rd
Lansing, MI 48906

The following must be submitted with every rebate application:

1. A paid invoice dated between January 1, 2025, and June 30, 2027, indicating the type of equipment, installation date, purchase price, model number and serial number.
2. An Air Conditioning, Heating and Refrigeration Institute (AHRI) certificate, including unit model number, capacity and efficiency performance ratings. All minimum efficiency ratings must be met to qualify for a rebate. **If installing an Air Source Heat Pump – Cold Climate System, verify COP rating using NEEP Product List.** (https://ashp.neep.org/#!/product_list/)
3. All fields, including those marked with *, must be answered and information must be complete for your rebate to be processed.
4. You must submit one of the following showing the model and serial numbers of all units: a copy of the UPC label, distributor’s invoice, photo of the nameplate or warranty registration confirmation.
5. If you are applying for a qualifying gas measure, a photo of the previously existing/old furnace or boiler with flue visible is required to be submitted with this application to be eligible.
6. Exclusion: Equipment installations in newly constructed homes are not eligible for this program. Rebates will only apply for the replacement of inefficient non-condensing models with new, high-efficiency condensing models. Replacing an existing condensing model with a new condensing model will not be eligible.

Customer Information

Name (Account holder on record)			12-Digit Account Number					
Installation Address			City		State	NJ	ZIP	
Email Address			Contact Phone Number					
Date Installed			*Type of Residence	<input type="checkbox"/> Single Family <input type="checkbox"/> Multifamily		*Is this system installed as part of a new home construction project, or adding a system to previously unconditioned space?		<input type="checkbox"/> Yes <input type="checkbox"/> No
*Will any part of the old system be retained for continued use?	<input type="checkbox"/> Yes <input type="checkbox"/> No		*What is the fuel type of the equipment being replaced?	<input type="checkbox"/> Electric <input type="checkbox"/> Natural Gas <input type="checkbox"/> Other: _____				
How did you hear about this program?	<input type="checkbox"/> Bill Insert <input type="checkbox"/> energysaveNJ.com <input type="checkbox"/> Contractor <input type="checkbox"/> Email <input type="checkbox"/> Family/Neighbor/Friend <input type="checkbox"/> JCP&L Employee							

Participating Contractor Information

Contractor Name			Phone Number					
Address			City		State	NJ	ZIP	
HVAC License #		Email			Distributor Name			
Payment Goes To	<input type="checkbox"/> Customer <input type="checkbox"/> Contractor							
<input type="checkbox"/> I am submitting an application and certify that I am assigning the full rebate to the participating contractor listed on this application. I understand the rebate I qualify for has been applied as a discount off the purchase price of an eligible product of the JCP&L Residential HVAC Program.								

Signature required only if rebate is being assigned to the contractor.

The contractor must provide a W-9 form when submitting their first rebate through the JCP&L HVAC Rebate Program.

Customer	Signature	Date	Print Name

Costs of these programs may be recovered through customer rates in accordance with New Jersey law. For a complete list of commercial, industrial, residential and low-income energy efficiency programs, please visit energysaveNJ.com.

ENERGY STAR® Certified HVAC Equipment Rebate Application Form

HVAC Energy Efficiency Systems – Minimum Efficiency Requirements

	Manufacturer	Condenser Model No. Outside Unit	Condenser Serial No. Outside Unit	Coil Model No. Inside Unit	AHRI Certificate No.	Rebate Amount
--	--------------	----------------------------------	-----------------------------------	----------------------------	----------------------	---------------

Central Air Conditioner

SEER2 > 15.2, EER2 ≥ 12						\$100
SEER2 ≥ 17, EER2 ≥ 12						\$200
*Is the existing equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
*Did you install a furnace with your central air conditioner?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace Model Number _____					
*If your AHRI reference number includes a furnace, please provide the furnace model number, as this information is required to qualify for the heat pump rebate.						

Air Source Heat Pumps – Standard (Ducted and Ductless Mini-Split systems)

	Manufacturer	Condenser Model No. Outside Unit	Condenser Serial No. Outside Unit	Coil Model No. Inside Unit	AHRI Certificate No.	Rebate Amount
SEER2 ≥ 15.2, EER2 ≥ 11.7, HSPF2 ≥ 7.8						\$500
SEER2 ≥ 17.1, EER2 ≥ 11.7, HSPF2 ≥ 7.8						\$750
SEER2 ≥ 17.1, EER2 ≥ 11.7, HSPF2 ≥ 7.8 (Mini-split heat pumps)						\$750
SEER2 ≥ 15.2, EER2 ≥ 10, HSPF2 ≥ 8.1 (Cold Climate, all types – COP 1.75 @ 5 degrees)						\$1000
*Is the existing equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
*Did you install a furnace with an air source heat pump?	<input type="checkbox"/> Yes <input type="checkbox"/> No If “yes” will the existing equipment continue to be used? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace Model Number _____					
*If your AHRI reference number includes a furnace, please provide the furnace model number, as this information is required to qualify for the heat pump rebate.						
*If you installed a mini-split heat pump, is this item the primary or secondary HVAC system?	<input type="checkbox"/> Primary <input type="checkbox"/> Secondary					

Geothermal Heat Pumps – ENERGY STAR certified

	Manufacturer	Model No.	AHRI Certificate No.	Rebate Amount
<input type="checkbox"/> Replacing an Air Source Heat Pump or Ground Source Heat Pump				\$1,500
<input type="checkbox"/> Replacing an Electric Forced Air Furnace/Central Air Conditioner				\$1,500
Select New System Type: <input type="checkbox"/> Water Loop Heat Pump <input type="checkbox"/> Groundwater Heat Pump <input type="checkbox"/> Ground Loop Heat Pump				
*Does installation include a desuperheater?	<input type="checkbox"/> Yes <input type="checkbox"/> No			

ENERGY STAR® Certified HVAC Equipment Rebate Application Form

Measure	Minimum Requirements	Manufacturer	Model No.	Serial No.	Rebate Amount
Furnace Fan Motor ^{1,2}	Purchase and installation of a high-efficiency brushless magnet fan motor (BPM) or electrically commutated motor (ECM) to replace a permanent split capacitor (PSC) motor. Eligible only on existing equipment.				\$100
*Does the residence have central cooling?		<input type="checkbox"/> Yes <input type="checkbox"/> No			

Measure	Minimum Requirements	Manufacturer	Model No.	Serial No.	Rebate Amount
Heat Pump Water Heater	ENERGY STAR certified				\$750
Installation Location	<input type="checkbox"/> Unconditioned Basement <input type="checkbox"/> Garage <input type="checkbox"/> Conditioned Space <input type="checkbox"/> Unknown If Conditioned Space provide HVAC Type: <input type="checkbox"/> ASHP <input type="checkbox"/> GSHP <input type="checkbox"/> CAC <input type="checkbox"/> MSHP <input type="checkbox"/> Furnace <input type="checkbox"/> Boiler				

Measure	Minimum Requirements	Manufacturer/ Model No.	Serial No.	If smart thermostat controls natural gas heating, choose gas utility:	Gas Account No.	Rebate Amount
Smart Thermostat (Limit 2 per utility)	New installation or replacement of a manual or conventional programmable thermostat with an ENERGY STAR certified thermostat.			<input type="checkbox"/> Elizabethtown Gas <input type="checkbox"/> New Jersey Natural Gas <input type="checkbox"/> Public Service Electric & Gas		\$100

Smart thermostat must control central A/C, air source heat pump, ductless mini-split heat pump or a natural gas heating system to be eligible.

*Will the smart thermostat control A/C?	<input type="checkbox"/> Yes <input type="checkbox"/> No
*Will the smart thermostat control heating?	<input type="checkbox"/> Electric <input type="checkbox"/> Natural Gas <input type="checkbox"/> Other <input type="checkbox"/> None
*What type of HVAC system will the smart thermostat control?	<input type="checkbox"/> ASHP <input type="checkbox"/> GSHP <input type="checkbox"/> Furnace <input type="checkbox"/> Resistance <input type="checkbox"/> Boiler <input type="checkbox"/> Unknown Year system installed_____

For smart thermostat rebates, all information requested must be included to receive your rebate.

Enhanced rebate for low- to moderate-income (up to 400% FPIG) customers. Eligible for all HVAC equipment (excluding furnace fans & smart thermostats).

\$300 enhanced rebate per unit for qualified HVAC equipment is available for low- to moderate-income (up to 400% FPIG) customers.

Do you live in a low- to moderate-income census tract area? Yes No

To see if you qualify, visit: geomap.ffiec.gov/FFIECGeocMap/GeocodeMap1.aspx

If no, answer the questions below.

If you participate in one of the following assistance programs, you are automatically eligible for the additional \$300 enhanced incentive.

***All questions must be answered and fields must be completed in order to receive your rebate. Incomplete applications will result in payment delays.**

HVAC Equipment Terms and Conditions

- Applicant must be a New Jersey residential customer of JCP&L.
- Rebate applications are valid for qualified equipment purchased and installed beginning January 1, 2025, through June 30, 2027.
- Rebate application must be submitted within 120 days of purchase.**
- It is the responsibility of the customer to assure that all requirements for the rebate are met. Failure to provide any of the required information will prevent processing of your application. Please submit one rebate form per unit.
- Rebate payments are based on the equipment installation date. Customers must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of the equipment.
- Purchase must be of qualified high-efficiency electric equipment as defined in the tables in this rebate form.
- The efficiency levels are based on the Air Conditioning, Heating and Refrigeration Institute (AHRI) certified performance criteria of an outdoor unit and indoor coil (and/or furnace/blower) working together. These ratings are found on the AHRI directory.org website. All ENERGY STAR certified equipment must be listed at energystar.gov in order to participate in this program. Both the outdoor unit and coil / indoor unit must be replaced and installed as a matched set.
- Payment will be issued to the account holder at mailing address on record with the utility or to submitting contractor as assigned by customer through their signature on this rebate form.
- Please allow up to 30 days from the date all required information is received to process your rebate(s).
- All rebated products must be installed and used at the service (install) address specified on the rebate application.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
- By participating in the Company's energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your electric utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce customers' costs for the programs.
- If applying for incentives for natural gas and electric measures at the same time through JCP&L, it is prohibited to apply for the same incentive with the gas company.
- JCP&L and/or their designees including program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
- Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
- You are urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.
- JCP&L and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
- JCP&L, their parents, subsidiaries, affiliates, officers, employees, contractors and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the participating contractor.
- CLEARresult, their parents, subsidiaries, affiliates, officers, employees, contractors and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the participating contractor.
- The customer hereby agrees to indemnify, defend and hold harmless, JCP&L, their parents, subsidiaries, affiliates, officers, employees and agents from any and all liability associated with this project.
- By submitting this application, customer agrees to the terms and conditions of this document and certifies that the information provided is true and accurate. Costs of these programs may be recovered through customer rates in accordance with New Jersey law.
